

PEDRO ALBERTASSE

Cleaner · Storeperson · Warehouse Assistant · Night Fill

Adelaide CBD, SA 5000 · [TELEFONE AUSTRALIANO] · [E-MAIL]

RIGHT TO WORK AND AVAILABILITY

Visa: Student visa (subclass 500), condition 8105. Full legal right to work in Australia. Valid until [CONFIRMAR NA CARTA DE CONCESSÃO DO VISTO].

Hours: Up to 48 hours per fortnight while classes are running, and unlimited hours during scheduled course breaks.

Available: In Adelaide from 24 September 2026. Weekday mornings and evenings around class, all day Saturday and Sunday, and public holidays.

CERTIFICATES AND CHECKS

Happy to obtain a National Police Check, White Card, Food Safety or RSA immediately on request, at my own cost. I will arrange these in my first weeks in Adelaide — Australian training certificates require a USI, which can only be created once I am in the country.

ABOUT ME

I am in Adelaide to study English full-time for nine months, and I am looking for steady casual work that fits around my classes. I have not worked in cleaning or in a warehouse before — I spent the last three years in an office in Brazil — and I would rather say that up front than have you find it out later.

What I bring is the part that does not change between jobs: I turn up on time, I follow a process exactly as I was taught, and I do not need to be asked twice. I do not mind early starts, night shifts or physical work, and I want to learn the job properly from the ground up.

My English is elementary and improving every week. I understand instructions, I ask when I am not sure, and I am comfortable in work where what I do matters more than what I say.

WHAT I BRING

- Reliability — three years of daily deadlines in a demanding office, never missed one
- Following a process exactly, and noticing when something is not right
- Physical work, early starts, night shifts and weekends
- Learning fast — I picked up new systems and tools on the job every year
- Careful with other people's property and with confidential information
- Working alone without supervision, and in a team when the job needs it

WORK HISTORY

Data Intelligence Engineer — FLOW Executive Finders, São Paulo, Brazil 2023 – Sep 2026

- Started as an intern and was kept on permanently in the commercial team.
- Produced daily reports to fixed deadlines — the work had to be right the first time, every day.
- Handled confidential client information with full accuracy and discretion.
- Worked face to face with consultants and directors.

Data and technology services (self-employed) — Registered micro-business, Brazil 2025 – 2026

- Ran my own small business end to end: my own clients, my own deadlines, my own delivery.

EDUCATION

General English, full-time — ILSC Adelaide — 115 Grenfell St, Adelaide CBD Sep 2026 – Jun 2027

Technologist Degree, Digital Games — Anhanguera University, Brazil 2025

UX Design, 130 hours — ESPM, Brazil 2025

Languages: Portuguese (native) · English (elementary, studying full-time in Adelaide)
